Quality Policy

We offer a reliable, competitive and professional service to the construction industry, trades and private individuals alike, throughout South Wales and other counties; covering all possible aspects and sizes of industrial commercial and domestic requirements.

Cardiff Scaffolding Contracts Ltd and our staff are committed to supplying product and service that will meet the requirements of our Customers. Wherever possible we aim to exceed Customer expectations.

Our Quality Management System defines the procedures that facilitate the achievement of the Organisation's objectives and development of a quality culture.

To achieve this, our policy is to:

- Implement a Quality System that meets the requirements of ISO 9001:2008.
- Regularly review every aspect of the Quality System to promote a continual improvement culture that benefits both the Customer and the Organisation.
- Train and develop people to achieve our objectives and to promote best quality practice throughout the Organisation.
